illuminates the relationship between hume the political thinker hume the historian and hume the political economist and highlights the social economic and institutional changes which he wove into an innovative theory of causation david hume s six volume history of england from the invasion of julius caesar to the revolution in 1688 1754 61 is probably his most important work as a constitutional historian and political theorist jia wei s book shows that the history can be understood in two ways firstly as hume s own narrative of england s state formation and secondly as his answer to the question of how eighteenth century britain could cope with the challenges of commercial revolution it illuminates the relationship between hume the political thinker hume the historian and hume the political economist and highlights the social economic and institutional changes which he wove into an innovative theory of causation the first part of the book considers hume s account of the fundamental rationale of maritime trade and england s unique approach to liberty in the modern era the second part looks at his views concerning the profound impact of maritime trade on english politics from his perspective the problem of how to cope with the challenges posed by the commercial revolution in eighteenth century britain was closely linked to the question of how transoceanic trade had fundamentally recast english politics from the sixteenth century onwards this study shows how these two narratives were interwoven into hume s history and will be of interest to scholars and students not only of david hume and political theory but of historiography eighteenth century british history and enlightenment studies jia wei received her phd from the university of cambridge

a fully annotated edition of hume s most important political essays

hume s politics provides a comprehensive examination of david hume s political theory and is the first book to focus on hume s monumental history of england as the key to his distinctly political ideas andrew sabl argues that conventions of authority are the main building blocks of humean politics and explores how the history addresses

political change and disequilibrium through a dynamic treatment of coordination problems dynamic coordination as employed in Hume's work explains how conventions of political authority arise change adapt to new social and economic conditions improve or decay and die Sabl shows how Humean constitutional conservatism need not hinder and may in fact facilitate change and improvement in economic social and cultural life he also identifies how Humean liberalism can offer a systematic alternative to neo-Kantian approaches to politics and liberal theory at once scholarly and accessibly written Hume's politics builds bridges between political theory and political science it treats issues of concern to both fields including the prehistory of political coordination the obstacles that must be overcome in order for citizens to see themselves as sharing common political interests the close and counterintuitive relationship between governmental authority and civic allegiance the strategic ethics of political crisis and constitutional change and the ways in which the biases and injustices endemic to executive power can be corrected by legislative contestation and debate

among the distinctive characteristics of U.S. postsecondary education are access choice and variety students in this country have a diversity of choices as they seek college admission the possibilities boggle the mind especially as college administrators contemplate how to meet the service needs of diverse student populations with differing needs abilities and aspirations it becomes an even greater challenge when one realizes that most institutions are confronted with students who fit into not one but several of these life situation categories thus the challenge becomes one of how an institution should plan program and budget to meet the diverse and changing demands for services and resources this challenge is faced by student affairs administrators regardless of the type of institution but it is particularly demanding in a metropolitan university setting a paucity of research is available about students who choose to attend metropolitan universities and little opportunity exists for sharing ideas and expertise on how to meet the needs of these less than traditional students
