despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling philip rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices as heirs and often enthusiasts of the freudian tradition of which rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that mcclure presents shows that pastoral counseling practitioners resist change their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field s dominant theological and theoretical resources practices and organizational arrangements only a radical reappraisal of these will make possible pastoral counseling practices in a post individualistic mode mcclure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice expanding the role of the pastoral counselor reimagining the operative anthropology reclaiming sin and judgment nuancing the particular against the individual rethinking the ideal outcome of the practices and reimagining the organizational structures that support the practices only this level of revisioning will enable this ministry of the church to move beyond its individualistic limitations and offer healing in more complex effective and socially adequate ways

some think that liturgy is formal public and for ordinary people while mysticism is uncontrollable private and for extraordinary saints is there a connection between the two in this volume david fagerberg proposes that mysticism is the normal crowning of the christian life and the christian life is liturgical we intuitively sense that liturgy and theology and mysticism have an affinity liturgical theology should reveal liturgy s mystical heart liturgical theology asks what happens in liturgy and liturgical mysticism asks what happens to us in liturgy and perfects our interior liturgy in liturgical mysticism fagerberg directs the reader to look

fixedly at christ who is the mystery present in liturgy and who bestows his resurrection power upon his adopted children in a time where both too wild and too mild spiritualities abound it is audacious to put forward a book on liturgical mysticism this book continues to enrich liturgical theology by amplifying its horizon and solidifying the foundation on which it rests joris geldhof katholieke universiteit leuven
